Kitchen Cleanup Procedures

1. All equipment utilized will be washed in hot soapy water and rinsed in hot water.
2. All equipment utilized will be put away, even the just washed equipment. Put all items back in their original places. Any items which have been moved from one kitchen to another must be returned to the kitchen from which it was removed. Any equipment removed from a kitchen must be returned to that kitchen immediately after usage.
3. Wipe down all counter tops. Final wipe down must be done utilizing a "Clorox" wipe.
4. Floors should be left debris free. Wipe up any wet spots.
5. Unplug all equipment, especially the coffee makers.
6. Close storage doors.
7. Turn out lights upon departing.
